# OBRIGADA

Sob o olhar do Redentor,  
O azul céu emoldura  
O morro e a malha  
E reflete a cor  
Na água em forma de fonte,  
No peixe em forma de rio,  
Que corre e colore  
Uma pintura de cidade,  
Paisagem e panorama  
Derrama  
O verde esmeralda  
Nas ruas, nas praças, na serra  
Poços de Caldas e de cores,  
Nossa terra
